

ARE YOU INTERESTED IN AN EFFICIENT AND NOISE FREE WATER MANAGEMENT?

**COPRECI,
THE HEART OF YOUR APPLIANCE**

Have a look at what a world leader in washing components can offer you... high performance solutions for advanced home appliances.

WE INTRODUCE YOU *WANAGEMENT*, A HIGH PERFORMANCE WATER MANAGEMENT WITH ABSOLUTELY INNOVATIVE BENEFITS

ENERGY AND SOUND TO ITS MINIMUM

We want to minimize the energy consumption, and also the sound,
through a **plug&play** concept.

"Smart" control module.
Detects the optimal working
conditions with the minimum
energy consumption.

ENERGY AND SOUND TO ITS MINIMUM...

Plug&play concept

Low energy
consumption

Extremely low noise
solutions,
silent pump

"plug&play" drain pump

A plug & play BLDC drain pump with embedded electronics

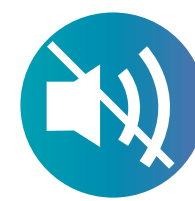

Easy to
integrate

Deblocking system,
that assures a correct
functioning

Smart Draining,
constant flow
regardless of the
height of the washing
machine drain.

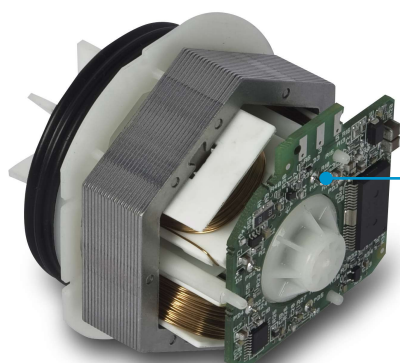

Elimination of the
"snorkel" effect.

"plug&play" drain pump

**BLDC
technology**

in traditional
washing
machines

This is the first time that the BLDC technology is incorporated in washing machines - so far only had been used in dishwashers, and offers great reliability and excellent results in the washing cycles.

Electronics integrated

A Inverter, with specific control
algorithm for washing machines
(smart draining)

Eco design (tangential
shape) that makes the
pump more efficient

“plug&play” drain pump

corporation

COPRECI, the
heart of your
appliance

WITH THE GUARANTEE OF A WORLD LEADER MANUFACTURER

For over half a century Copreci has been developing components for household appliances that improve their performance and provide the end user with greater ease of use and safety.

Because we are right there, at the core of the appliance, providing intangible added value that goes straight to the heart of the user.
